

Rental Price On Loading Zone Is Reduced By City

Annual Rental Changed From \$250 To \$200 In Ordinance Revision

Bids for the construction of an Arc-Rib building to be used as a county office in the Everglades—a project that has been urged for some time by Paul Rardin, Dist. 5 Commissioner—were being tabulated last week by County Engineer J. M. Boyd.

Bids on the structure were opened at the county commission meeting last Monday and final tabulations and recommendations are to be made Sept. 25 by the county engineer.

Submitting figures on the proposed structure were the Florida Remodeling and Construction Company of Belle Glade \$20,368 with an alternate of \$21,402; Alexander and Williams Corp., West Palm Beach, \$20,290 with an alternate of \$21,230.

On request of the zone operating committee, the commission moved that the ordinance be changed to permit rental payment in two installments one due in the fall and the other before the spring harvest season.

The city clerk was instructed to draw up provisions under which local growers unable to meet initial payment can pay daily rentals until the yearly cost is accumulated.

Growers and contractors will be permitted to retain original receipts and draw for new ones during the first week if a grower needs additional space, an ordinance change permits him to engage one adjoining his original stall.

Dates of zone operation were changed. Licenses will be on sale October 1 and the zone will open October 15, according to the revision. In the spring, licenses will be on sale February 1 with February 15 set as deadline.

The commission authorized Mayor W. F. Crider to inform zone committee members of their official appointment by letter. Committee members are the Louis Kirchman, Bryant McLendon, C. A. Thomas, Ervin Zump and J. L. Murphy.

The commission authorized the city clerk Frank Anderson to advertise for rock bids for the coming fiscal year.

Commissioners moved to change the beginning of the year for obtaining dog licenses from October 1 to January 1. New licenses may be obtained at the regular date this year but will be valid for 15 months, according to Anderson.

Anderson announced that a civil service public hearing is scheduled for September 26 for the purpose of determining salary schedules.

The commission authorized Commissioner Junius Harris to buy a used tractor for the street department.

Shootin' Blanks

By Paullette

Most men with families and responsibilities are plenty willing to do their patriotic duty when called into active service; however, few in such circumstances are straining at the leash. Our town boasts one of the rare exceptions.

Actually such patriotic fervor was unintentional on this party's part. A telegram mysteriously appeared last week on the desk of this man who is the proud head of a sizable household. He had assumed himself to be outside of the war group. He had been told that fate and times act on the better side of the fence.

Now, however, we do offer to the City Commission as a governing body.

FURTHERMORE, we ask the citizenry of the Community to give enthusiastically of their support to the newly constituted Commission and their employees and we pledge our own unstinted cooperation in whatever manner requested by the Commission; our best wishes are tendered concurrently.

Done in regular meeting of the Rotary Club of Belle Glade, Fla., this 15th day of September, 1950.

Vegetable Season Outlook Good Says Economist Here

Agricultural Staff Answer Questions At Seminar

A group of agricultural scientists from the Everglades Experiment Station and the Agricultural Extension Service were quizzed endeavoring to answer 64 dollar questions presented by local farmers at a special seminar meeting Tuesday night in the city hall.

Dr. F. S. Jamison, vegetable crop horticulturist with the extension service, served as moderator as farmers fired questions at the staff of vegetable experts. M. U. Mounis, county agricultural agent, introduced the program coordinator.

The staff of authorities included: Dr. W. T. Forsee, Jr., Dr. C. J. Gennep, Walter Thames, Walter Hills, Dr. Warren Stoner, Emil Wolf, F. V. Stevenson, all of the Experiment Station; Dr. Doyle Tompkins, extension service district agent and Forest Myers, extension service.

Information requested ranged from use of insecticides to soil ailments in the general season.

General vegetable production outlook is good for the season, according to Dr. Timmons. Principal problems for the farmers will be transportation shortages, high prices and possible labor shortages, the department has been unable to furnish inspection service on Saturday. Cattle have been held over from Friday until Monday for inspection before they could be slaughtered for the last several weeks.

The sale will start at the regular time, 1 p. m., young says.

Livestock Market Sale Day Changes From Fri. To Mon.

Sale day at the Glades Livestock Market will be shifted to Monday from Friday beginning October 2, according to George C. Young, market manager.

No sale is scheduled September 29 preceding the sale day change.

The change was made to cooperate with the Miami Health Department. Due to a shortage of veterinarians, the department has been unable to furnish inspection service on Saturday. Cattle have been held over from Friday until Monday for inspection before they could be slaughtered for the last several weeks.

The sale will start at the regular time, 1 p. m., young says.

MARY LOU McDONNELL ACCEPTS POSITION AS BOOKKEEPER AT EFS & LA

Mrs. Mary Lou McDonnell, who has been with E. F. Savings and Loan Association for several years, has accepted the position of bookkeeper at the Everglades Experiment Station and Loan Association, which was announced by Mr. Robert Garrison who has been with the Savings and Loan Association for several years. Mrs. McDonnell is being placed in a position with a similar organization in Key West.

GROUP OF SIAMESE VISITING GLADES SUGAR INDUSTRIES

Mr. Luon Phongsophon, Director of the Thailand Sugar Corporation, will head a group of five sugar technicians and experts on a visit to the Glades over the week-end, beginning Friday for the express purpose of studying sugar production in the Glades.

Mr. F. E. Gray and Mr. Terry Gibson of West Palm Beach will accompany the party to the Glades and assist in the visit.

Others in the party are: Dr. Conrad Shu, Bio-Chemist, Luang Praditsart, Captain in the Siamese Navy and Engineer, Mr. Pradnang Praditsart, agronomist and Mr. Pradit Praditsart, sugar technologist and a graduate of the University of the Philippines.

The party are guests at the Northmore Court.

PROCLAMATION

WHEREAS, the Democratic Way of Life, has its continuing foundation in community political subdivisions such as that of the City of Belle Glade, and we, the people, and service of elected officials most sensitively affect our everyday life; and

WHEREAS, the official conduct of the business of the City of Belle Glade during the administration which ended with the election on Tuesday, September 12th, has been outstanding in accomplishment; and

WHEREAS, we as citizens, wish to compliment the City Commission as a governing body;

NOW THEREFORE, we do offer to the City Commission, and its employees the compliments and thanks for services within and beyond the normally expected duties of office; and

FURTHERMORE, we ask the citizenry of the Community to give enthusiastically of their support to the newly constituted Commission and their employees and we pledge our own unstinted cooperation in whatever manner requested by the Commission; our best wishes are tendered concurrently.

Done in regular meeting of the Rotary Club of Belle Glade, Fla., this 15th day of September, 1950.

Pictured, front row, from left, Charles Newman, Don Unanue, Beryl Miller, Bob Kent, Ray Caldwell, Ken Kirchman, H. V. Draa, Manager Elbert Crews; second row, from left, Jimmy Reeser, Joe Revels, Ken Lutz, Fred LeFils, Bobby Hook, Charles Hall, Ross Winne, Travis Poole, Joe Leavitt, Al Leathers, Gene Phillips, Billy Burke, Jack Moody, Dale Norphan, Head Coach Doug Leavitt.

Colombia Farmers Visit Ex. Station

Exchange of inter-American agricultural information occurred at the Everglades Experiment Station Tuesday afternoon when 60 farmers and cattle men from Colombia, South America, toured the station.

The group of men and women agriculturists, started from Miami September 16 beginning the three-week tour up the eastern seaboard to New York City.

The Experiment Station staff was taken surprised by the visit since notification letters failed to arrive. They quickly formed a program designed to suit the interests of the group.

Mills H. Byrom explained the ramie and fibre work and machinery used in processing the plants. The Colombians were especially interested in the crop since they grow it in their own country.

They also fired questions on the sugar cane industry here at the speakers.

Many inquiries were directed at the Glades cattle industry, especially hybrid and Brahman breeds. Raising primarily Creola cattle, bred native to South America, the Colombians gave the new strains their special attention.

One of the visitors asked how he could purchase 33 Brahman bulls, according to Ralph Kidder, who explained the breeding program in the station barn.

Questions on citrus pulp fed rained heavy as the visitors pressed their quest for information on its process and machinery used in processing.

Organized by "Agricultura Tropical," monthly Colombian agricultural magazine, the tour was sponsored by the Colombian Agricultural Society and the United States Department of Agriculture. First in a series he made tours to the United States, the excursion provided for Colombians to visit and study numerous experimental stations, farms and irrigation projects.

Walter E. Selca, director of the magazine, and Ortega, United States Department of Foreign Affairs, Belgium, acted as group leaders assisted by two interpreters, Luis Eduardo and Emilio Latore.

EMPLOYEES OF CITY ICE AND FUEL ENTERTAINED

Mr. Harry Peters, District Superintendent for City Ice and Fuel, entertained the Superintendents and operating personnel and their wives of Belle Glade, Lake Harbor, Palmetto, and Okechobee Ice plants with get-together party and supper at Legion Hall Saturday evening.

Guests from Miami were Mr. F. L. Kramer, District Manager and state engineer and Mrs. Kramer, and Mr. Steve Vogel, assistant state controller, and Mrs. Vogel.

About thirty-five attended.

LEGION AND AUXILIARY HOLD JOINT MEETING

Legion and auxiliary members held a banquet and program of entertainment at their regular joint meeting Tuesday night at Legion Hall.

Mrs. Herbert Beck, Mrs. Harry Peters, and Mrs. Alfred Valdez served as hostesses.

The program included card games and dancing.

F. E. C. SCHEDULE CHANGES EFFECTIVE THIS SUNDAY

The Florida East Coast Railway will make changes in the schedule of its "Champion" and "Miami," effective beginning this Sunday, September 24, according to L. Oliver, passenger traffic manager of the line.

Southbound the "Champion" will leave Jacksonville at 8:20 a. m. in the morning instead of 7:40 a. m. West Palm Beach, 1:38 p. m. and reach Miami 3:20 p. m. Northbound its departure time will also be later, leaving Miami 9:35 a. m. instead of 9:15 a. m., West Palm Beach 11:12 a. m., arriving Jacksonville 4:35 p. m.

Only a minor change is being made in the schedule of the "Miami." Southbound its running time will be five minutes earlier, leaving Jacksonville 9:40 a. m. instead of 9:45, and arriving Miami 5:00 p. m. Northbound it will leave Miami five minutes earlier than at present, at 12:55 p. m. instead of 1:00, but will continue to arrive Jacksonville at 8:15 p. m.

Both trains will continue to carry reserved seat luxury coaches as well as Pullman between New York and Florida East Coast points.

General Meeting Held By Presbyterian Women

A general meeting of the Presbyterian Church was held Tuesday evening, September 19, at the church.

Miss Ann Kirchman gave devotionals, using as her topic "Put God First." The program "Learn of Me," was in charge of Mrs. J. W. Crider, assisted by Mrs. J. F. Gray and Mrs. Tom Watson Jr.

It was announced that the book "Beside the Heartstone," will be taught for the coming four weeks beginning September 21, by Mrs. Ralph pipes, with time of prayer service changed from 9:30 to 10 a. m.

The meeting was closed with prayer by Mrs. F. W. Fautz.

Mrs. A. L. Cumpton and Mrs. W. F. Crider were hostesses. Other attending were: Mrs. W. F. Knight, Mrs. S. K. Motes, Mrs. Robert Lanier, Mrs. C. D. McClure, Mrs. Betty Lutz, Mrs. C. E. Critchfield, Mrs. Robert Roadman, Mrs. Harry Smith, Mrs. Wilhelmie Sadder, Mrs. L. D. Bessent, Mrs. Joan Muler White, Mrs. Tom Parker, Mrs. S. K. Whitlock, Mrs. J. E. Thompson, and Mrs. Ralph Pipes.

Mr. Harry Peters, District Superintendent for City Ice and Fuel, entertained the Superintendents and operating personnel and their wives of Belle Glade, Lake Harbor, Palmetto, and Okechobee Ice plants with get-together party and supper at Legion Hall Saturday evening.

Guests from Miami were Mr. F. L. Kramer, District Manager and state engineer and Mrs. Kramer, and Mr. Steve Vogel, assistant state controller, and Mrs. Vogel.

About thirty-five attended.

LEGION AND AUXILIARY HOLD JOINT MEETING

Legion and auxiliary members held a banquet and program of entertainment at their regular joint meeting Tuesday night at Legion Hall.

Mrs. Herbert Beck, Mrs. Harry Peters, and Mrs. Alfred Valdez served as hostesses.

The program included card games and dancing.

Cobb Asks Repeal UFW Referendum At BPW Meeting

Urging the people of Florida to support the legislators in repealing the United Fruit Workers' referendum, William A. Cobb, president of the state committee for American Action, addressed a joint meeting of Pahokee and Belle Glade Business and Professional Women's Clubs Tuesday night.

John T. Pickett, local chairman of the committee, introduced the speaker.

"The movement has had a strong emotional appeal, coming as it did soon after the war. Everyone wants to preserve peace and prevent war, but there are other things worse than war," Cobb said.

World conditions today will not permit formation of a democratic government capable of preventing war. First a co-scientist majority must exist. Today approximately five sixths of the world has proved they can not govern them self, according to Cobb.

Joining out what a world federation would mean to the United States, Cobb stated that each nation would have voting power proportionate to the population and that Russia, China and India would have a larger vote than the United States.

"World government must have the power to prevent war or regulate its causes," he emphasized.

Enumerating the causes of war, he mentioned religious differences, over-population, over-population and world commerce. A world government would have the power to regulate these factors.

It could divide the world's wealth; cause a shifting of population and remove tariff barriers.

"A supreme world court would have authority to pass laws, form an army and police the world. We with our small representation would have a small voice in controlling these actions. The government would bring our standards down rather than those of other nations," Cobb said.

War II Dead Memorialized In Dedication Of Legion Owned Building For P. O.

CAMP COMMISSARY SCENE OF BURGLARY SAT. NITE

Tandy Morris, operator of the Osceola Camp commissary, reported a breaking and entering case at the establishment Saturday night when approximately fifty dollars worth of groceries were taken.

Constable Ray Whitlock and Police Sergeant Funk investigated and took finger prints.

Finger print evidence led to three suspects, two of whom are being held pending further investigation, according to Whitlock.

Rams Show Weak Spots Says Coach

Glades mud lands produce more than vegetables and cattle as proved by the hefty Glades Rams football team this year.

But Coach Doug Leavitt's brow is still wrinkled. He feels that his so called "beef trust" lacks experience and speed for which weight is no substitute.

The Rams have been rounded off rough spots this week with offensive practice in preparation for their first game battle September 29 with Vero Beach. The tilt is always a good one, and the Rams defeated the team last season for the first time in five years.

Victory plays secret tonight which will give local scouts a chance to size up the kind of offense to expect. The team is particularly strong in defensive play, says Leavitt.

The Rams are also strong defensively although practice next week will center on offensive action.

After Vero's game tonight, we will write up our findings on our practices," Leavitt says.

Injuries of experienced ends, Bob Hooker, with injured knee, and C. W. Crosby, injured leg, leaves two weak spots. Burl Miller, promising freshman, may be substituted in one of the positions.

Around a nucleus of 195-pound Bill Burke, 175-pound Joe Leavitt, ends, Ross Winne, 190-pound tackle and backs Alvin Leathers and Joe Revels, the coach is working to develop strength in the middle line. He plans to round out a backfield with the roll from the split T formation.

Member of the new Suncoast Conference, the Rams face a heavy schedule against experienced teams. Following Vero Beach game, they will play Clewiston, Ft. Pierce, Stuart, two out-of-conference games with Miami Beach and South Broward and the conference teams Lake Worth, Seacrest and Pahokee.

Mr. Harry Peters, District Superintendent for City Ice and Fuel, entertained the Superintendents and operating personnel and their wives of Belle Glade, Lake Harbor, Palmetto, and Okechobee Ice plants with get-together party and supper at Legion Hall Saturday evening.

Guests from Miami were Mr. F. L. Kramer, District Manager and state engineer and Mrs. Kramer, and Mr. Steve Vogel, assistant state controller, and Mrs. Vogel.

About thirty-five attended.

Nationally Prominent Legionnaires To M. C. Program And Offer Oration

A city-wide Committee of one each from fifteen organizations is being appointed to formulate detailed plans for an Armistice Day dedications to the new Legion-owned building to be occupied by the Belle Glade Post Office.

The more than 300 members of the local Legion Post took over from World War I veterans and have survived the growing pains attendant on the construction of a \$30,000 home and the more embarrassing ones of "meetin the pa-a-mins." Hardly had the bandages been removed from the wounds of those trays when an opportunity was seen to provide Belle Glade with a new post office building.

The local Post is represented in the construction fields as well as in the marts of finance, for a corner lot owned by the Legion Post is being sold as a "bank roll" around which the long time financing by an insurance Company was built. The "interim financing" was accomplished on the basis of the lot and the Legion's local reputation.

The entire community and particularly the Legion Post are proud of the fact that such an example of self-help ends up with a public building that will be used by so many in the community. This is particularly so in these "rockin-chad" money, relief, government-subsidized business in our own country. The Legion Post is "kickin' in to the Old World's" decadent empires and leavins' of dictators.

"Do get the idea," says Commander Little Bob Creech, "that this building just grew. Buddy Willis, our City Building Inspector has Chairmaned the Committee that carry on the negotiations and is building the postoffice." The Committee and the workmen, as well as the subcontractors have all contributed towards staying within the budget and making this possible.

One prominent citizen, not a legionnaire, was heard to remark, "Most communities like Belle Glade, sent their boys off with a hip and hooray and welcomed them back as heroic saviors of democracy. In a short time they've been absorbed in community life and large jobs and just won't let you serve men except on the receiving end in the 'gimme' projects. Now these Belle Glade legionnaires are building a post office building. They've provided a sort of Community Auditorium where large luncheon clubs meet, and now they've provided a post office building when Congress and the Post-office Department failed."

The Rotary, Lions, Chamber of Commerce, E. I. K., BPWC, Woman's Club, Garden Club, PTA, VFW, Masons, Carpenter's Union and City of Belle Glade are among those appointing committeemen to the overall committee.

The general plan discussed so far, subject to final ratification, calls for the ceremonies, a speaker to be followed by a barbeque.

Later announcements will be made concerning details of the effort.

Mr. Harry Peters, District Superintendent for City Ice and Fuel, entertained the Superintendents and operating personnel and their wives of Belle Glade, Lake Harbor, Palmetto, and Okechobee Ice plants with get-together party and supper at Legion Hall Saturday evening.

Guests from Miami were Mr. F. L. Kramer, District Manager and state engineer and Mrs. Kramer, and Mr. Steve Vogel, assistant state controller, and Mrs. Vogel.

About thirty-five attended.

PAR-TEE LINE

"Informal Fun" is the theme of the "pot luck dinner and juke box dance" scheduled at the country club Saturday night. The scene is set for every one to enjoy conversation, dancing and cards. The new bleachers would be in the reserved section and that a public address booth has been constructed.

Dinner will be served at 7:30, Mrs. Thorne says.

The dance remaining open on its regular schedule, Friday, is a week excepting Monday.

THE AMERICAN WAY

Kidding Himself

As an example, the navy has been building certain aircraft carriers it feels it is to be properly prepared. And the only logical reasoning behind that action is that the air force can do the whole air job with its big bombers, and that advanced bases and fighter protection are no longer necessary.

This is, of course, the atomic-bomb idea—the theory that with intercontinental bombers we can strike a quick and decisive blow. It is an appealing theory for many because it makes war seem cheap. But it is an unproven theory that goes contrary to all past experiences. If it should turn out to be wrong, in another war, the results might be suicidal.

Real military security requires the development of every one of the services—with each service permitted to obtain its weapons if it feels it needs within budget limitations.

Down The Road To Statism

James F. Byrnes, who was formerly Secretary of State, and has long held a high place in the councils of the Democratic Party, recently said, "We are going down the road to statism, where we will wind up no one can tell. But if some of the new programs seriously proposed should be adopted, there is danger that the individual—whether farmer, worker, manufacturer, lawyer, or doctor—will soon be an economic slave, pulling an oar in the galley of the state."

That same idea, in different words, has been expressed time and time again by other American leaders, of all political and economic views and affiliations.

More important, that idea is based solidly upon a rock of fact. The whole history of the modern world supports it. That history is a black and dreary record of steady loss of individual liberty under the crushing force of all-powerful government.

We see it in its extreme form in the communist countries, where tactics of terror unknown since medieval days are used to crush dissent and frighten the people into line. We see it in a much modified version in present-day England, where the forms of Anglo-Saxon law are still followed and the structure of representative government still stand. But the difference is one of detail and degree, not of principle.

It may be that the greatest danger is short-sightedness. The man who runs a store may feel, for instance, that government ownership of some great industry, such as electric power, is of small moment to him. The man who works in a factory may see no personal menace in a law that would give the government broad controls over doctors. A labor leader may welcome more and more governmental domination of industrial leaders with whom he has differences. This is the way dictatorship comes about. One group is taken over at a time, while the other groups stand by and argue that it's no affair of theirs. Then, when it is too late, we find to our horror that we're all in the same boat.

In modern times, no nation which has lost its freedom has ever regained it. The totalitarian victories are permanent. On the other hand, the victories of those who still believe in freedom and justice are temporary. The battle must be fought again and again, year after year, on front and rear. And each must be won.

The road to statism is marked with cheerful signs—human welfare, a better life for the masses of people, security against everything. But when the end is reached the people are always in chains.

Useless Millions

If, overnight, each of us received a million dollars, we be worst off than we were without it.

A farmer with a million dollars naturally wouldn't stick to plowing and sowing. Bakers and cannerymen, with a million dollars apiece, wouldn't bake or can. Storekeepers wouldn't sell.

No sheepman with a million in pocket would bother to shear his flock. No millionaire would weave cloth or mine coal.

With a million each, we'd stay cold and hungry—until we learned that money is useless unless goods that it will buy are produced for sale.

LODGES & CLUBS

a vacation in Chattanooga. Mr. and Mrs. W. H. Crawford, who have been visiting in Georgia, returned home with them.

MRS. MILLAR TALKS TO GARDEN CLUB MEMBERS. Marking their first regular meeting of the season, Garden Club members enjoyed a pot-luck luncheon last Thursday, September 15, at the City Park Shelter. Mrs. Ivan Van Horn, Mrs. Harry Petters and Mrs. S. A. Roberts were hostesses.

A brief business meeting was conducted by president, Mrs. Van Horn, following the luncheon at which time she announced she has over one hundred Ixora and Hibiscus plants to donate to the club for use in their city beautification project this year.

Of special interest was a talk by Mrs. H. H. Miller, Pa-hokee, on growing Gerberas from seed and the art of making corsages.

Mrs. S. A. Roberts, chairman, announced Mrs. Ivan Van Horn, Mrs. C. W. McDonald and Mrs. Luther Jones will assist her as Junior Garden Club Committee.

First place in arrangements of Ixora contest went to Mrs. Van Horn and second to Mrs. Luther Jones. Mrs. Jones was first in the specimen contest and Mrs. W. R. Hooker second.

A new member, Mrs. W. S. Kniffel, was voted into the club.

Planned for an early fall meeting was an all day school of color harmony with Mrs. Virginia Weller of Norfolk, Virginia, as instructor.

Roll call was answered by a report from each member of the summer garden activities.

Five guests, Mrs. Joe Jones, Mrs. L. F. Vandewater, Mrs. D. L. Kemper, Mrs. Donald Buchanan and Mrs. Hugh Bradley, attended.

Members present in addition to those mentioned were: Mrs. Van Horn, Mrs. B. J. Brown, Mrs. M. W. Giese, Mrs. T. E. Hollingsworth, Mrs. W. W. Johnson, Mrs. M. M. S. Smith, Mrs. Nell Scullen, Mrs. Lottie Warren, Mrs. Della Altman, Mrs. George Tedder, Mrs. J. M. Gledhill and Mrs. H. D. Beck.

CHRISTINE GAFFNEY ENLISTS IN AIR FORCE. Miss Christine Gaffney, graduate of 1950 class, Belle Glade High School, has enlisted in the United States Air Force. She is to report, September 27, at Lackland Air Force Base, Texas. She is the daughter of Mrs. Mrs. D. D. Gaffney, Belle Glade.

YOUNGS ATTEND REUNION. Mr. and Mrs. George C. Young and family enjoyed a reunion with Mrs. Young's two sisters and families, Mr. and Mrs. I. H. Walker, Lexington, Kentucky and Mr. and Mrs. E. C. Peterson, Gainesville, at the home of the mother, Mrs. H. D. Curtis, in Bradenton last week end.

PROMOTION PARTY GIVEN FOR BAPTIST CHILDREN. Under the direction of their department superintendent, Mr. W. E. Cato, the Baptist Junior Sunday School class enjoyed an annual promotion party Friday night, September 15th, at the Baptist Social Hall.

The occasion honored the promotion from primary to junior and junior to intermediate departments.

The hall was decorated with orange and green crepe paper streamers. A number of games were played under the supervision of Miss Louise Moneaux and Miss Gertrude Keefe, visiting missionaries from New York State.

Mr. W. L. Cunningham entertained with several piano selections and accompanied the group singing by Mrs. Vervon Jones, Mrs. Jim Moody and Mrs. Wade Griffin. Fifty-four children attended.

Cake and ice cream were served by the teachers, Mrs. Vervon Jones, Mrs. Jim Moody and Mrs. Wade Griffin. Fifty-four children attended.

BREGER HOME SCENE OF BUFFET SUPPER. A buffet supper followed by a series of card games constituted a get-together party for a group of young people last Saturday evening at the Thomas E. Breger home.

Included in the party were: Miss Helen Friedheim, Miss and Mrs. J. B. Bregger, Eleanor Kidder, Miss Boots Young, Miss Olive Smith, Mr. Jimmy Ball, Mr. Sonny Smith, Mr. Albert Stevens, Mr. Hal Causseaux and Mr. John Bregger.

JAMES E. WADDELL WILL WEST PALM GIRL. The Reverend and Mrs. Walter Oldford, 316 Pilgrim Road, West Palm Beach, announce the engagement of their daughter, Miss Margaret Evelyn Oldford, to Mr. James E. Waddell, son of Mr. and Mrs. B. Q. Waddell of Belle Glade.

The wedding will take place at the First Methodist Church, December 26, in West Palm Beach.

Miss Oldford was a graduate of Palm Beach High School and is now a student at Stetson University in June, where she received her Bachelor of Music degree. She was a member of Alpha Xi Chapter, national sorority and Phi Beta, national music fraternity.

Mr. Waddell is a graduate of Belle Glade High School. He served for three years during World War II and is now a senior at Stetson University where he will receive his Bachelor of Science degree in June. Mr. Waddell is a member of Lambda Chi Alpha, national fraternity, and Gamma Sigma Epsilon, national chemistry fraternity.

DOUBLE RING CEREMONY UNITES COLIN JEAN FREEDLUND-CHAS. DOLL. Miss Carolyn Jean Freedlund became the bride of Charles Stanley Doll, Mr. and Mrs. C. S. Doll of Jacksonville, Saturday afternoon, September 16, in a double ring ceremony read by the Reverend L. F. Vandewater, in the Community Methodist church.

BELLE GLADE RECEIVES \$3,378 CIGARETTE TAX

Cigarette tax returned to the city for July is \$3,378.21, according to the recent report of Lewis M. Schott, director of the State Beverage Department. Amounts returned to the municipalities around the lake are: Clearwater, \$1,453.70; Pahokee, \$1,561.30 and South Bay, \$467.58.

Taxes collected from cigarettes in July amounted to \$1,216,507.09 of which \$221,126.60 will go to the State Tuberculosis Board and the remainder to state municipalities, according to the report.

ROTARY CLUB TO TOUR NAVY ELECTRONIC UNIT

Rotarians will adjourn from their regular luncheon meeting this afternoon to tour the Voluntary Electronic Warfare Station, 6-23 of the Navy Reserve. Local talent presented a program of music and dancing under the direction of Howard H. Moore, high school band director, at the last Friday meeting.

VEGETABLE SEASON

(Continued from Page 1) dibromide and dichloro-propane to give plants a good start. Fungicides reduce nematode infestation. He cautioned growers to wait about 14 days after application before planting.

Aldrin has proved fairly effective in cut worm control, although farmers should hold off use of it on edible plant portions until a better picture of its toxic effects has been determined, Thames advised.

Questioned whether Chlor-dane leaves a taste on potatoes, Thames said he had not noticed any in use up to five pounds mixture; however, some have reported a result. He said the heavy doses of the chemical until its accumulative effect in the soil is determined.

Attempts to kill nematodes by flooding in tests up to 180 days have proved unsuccessful; although, there is a possibility that alternate flooding and draining may reduce infestation.

Farmers should not mix straw with the fertilizer, he said, following directions carefully until more information is compiled on them, Thames advised.

It has been pointed out that Florida's salubrious climate, plus the ready opportunity and the high rates paid for harvest, makes it unnecessary to view the viewpoint of many workers, to work regularly. This situation has caused disastrous results in several instances.

"FFVA has invited the President's Commission on Migratory Labor to hold a hearing in Florida to inquire into farm labor conditions here, in part to force to secure the unbiased opinions of others on our labor picture. Assurances have been received that the commission will accept our invitation, and tentatively, the meeting will be held in West Palm Beach around November 1st.

"We believe that this hearing will prove the fact that farm labor is accorded better treatment in Florida than in many other states," Gray said.

"Labor supply and other problems affecting the labor picture will occupy a prominent place on the agenda of the seventh annual meeting of FFVA during the three day session at Miami Beach beginning October 4th.

"Prominent authorities on the various phases will be present to give their opinions and to answer questions of our members. Representatives of the United States Employment Service, Selective Service, Immigration and Naturalization Service and the U. S. Department of Labor are expected to be on hand," concluded Gray.

Gray will be accompanied to Washington by Mrs. Fred Sikes of the U. S. Sugar Corporation, who will attend the sub-committee meeting as observer.

SHOOTIN' BLANKS

FARM LABOR DEMAND TO BE HEAVY, SAYS GRAY

The anticipated labor requirements for growing Florida's 10-50 crop of citrus and other fruits and vegetables will be 600,000 man-hours, according to LaMonte Gray, director of the Florida Fruit and Vegetable Association, in Orlando.

Gray compared this figure with the 73,000,000 man-hours required two years ago, and the 65,000,000 used annually during the past war years.

"We realize that the diversion of manpower to war industries will aggravate the problem of labor supply and that it will be necessary to develop plans for making the best possible use of available labor. That includes plans to tighten Selective Service regulations to the physically fit migrant farm workers who are deferred to work in agriculture," stated Gray.

Leaving for Washington today to attend the two-day meeting of the five-man sub-committee of the Special Farm Labor Advisory Council to the United States Employment Service, of which council he is the Florida member, Gray said. "The purpose of the committee is to develop policy recommendations for stabilization of the agricultural labor force. An additional responsibility is to recommend ways to the United States policy as it affects agriculture.

"We will also endeavor to determine the supply of farm labor that will be available to Florida through domestic and foreign sources, and to supplement by additional workers recruited in the Southeastern States and in the Bahamas."

Gray pointed out that daily wage rates paid to farm workers in Florida vegetable areas are approximately 10 percent higher than they were during the war years and more than 200 per cent higher than before the war.

In spite of these facts, plus the fact that labor housing under lease to the Florida Fruit and Vegetable Association has been greatly improved since that time, it has been found difficult to induce sufficient numbers of workers to engage in agricultural work. There is also the acute problem of persuading a large percentage of the available workers to work steadily," said Gray.

"It has been pointed out that Florida's salubrious climate, plus the ready opportunity and the high rates paid for harvest, makes it unnecessary to view the viewpoint of many workers, to work regularly. This situation has caused disastrous results in several instances.

"FFVA has invited the President's Commission on Migratory Labor to hold a hearing in Florida to inquire into farm labor conditions here, in part to force to secure the unbiased opinions of others on our labor picture. Assurances have been received that the commission will accept our invitation, and tentatively, the meeting will be held in West Palm Beach around November 1st.

"We believe that this hearing will prove the fact that farm labor is accorded better treatment in Florida than in many other states," Gray said.

"Labor supply and other problems affecting the labor picture will occupy a prominent place on the agenda of the seventh annual meeting of FFVA during the three day session at Miami Beach beginning October 4th.

"Prominent authorities on the various phases will be present to give their opinions and to answer questions of our members. Representatives of the United States Employment Service, Selective Service, Immigration and Naturalization Service and the U. S. Department of Labor are expected to be on hand," concluded Gray.

Gray will be accompanied to Washington by Mrs. Fred Sikes of the U. S. Sugar Corporation, who will attend the sub-committee meeting as observer.

ANNUAL CONVENTION TO BE HELD IN MIAMI

Members of the American Association of Traveling Salesmen Agents will hold their 68th annual convention here Oct. 9-11, and make a first-hand study of Florida's visitor attractions in connection with it.

The association is composed of about 250 members who originate and develop railway traffic.

Included in the association membership are agents from all parts of the United States and some from Canada, according to W. J. Ficht, Miami, general passenger agent of the Seaboard Air Line railway who is assisting with arrangements.

They will begin arriving Oct. 3. One of the first contingents expected consists of 40 agents from the Southern Railway, who will be staying at the Seaboard Air Line Hotel.

McAllister hotel has been chosen convention headquarters. Location members, business sessions will begin at 10 a. m. Monday, Oct. 8, at the hotel. A dinner dance will be held at the hotel.

Water and land sightseeing trips for study of the attractions in the Greater Miami area have been arranged for convention members, guests and their wives.

Delegates and visitors will leave Miami for Tampa Oct. 11 on a motor-coach tour, educational trip of the state.

The tour itinerary calls for visits to Tampa, St. Petersburg, Lakeland, Orlando, Cypress Gardens, Orlando, Ocala, Silver Springs, Daytona Beach, Marieland, St. Augustine, and Jacksonville. The tour will end in Jacksonville, the party en route at 7:30 p. m. for Washington, D. C.

Officers of the association are: President, J. H. O'Connell, Na-ha, Neb. president; Garret Kerkstra, Washington, D. C. vice-president; Charles A. McInnis, Cleveland, O., secretary-treasurer.

\$100,000 Appropriation Made By Red Cross

At least 600 families along the coast section of Florida's west coast swept by the recent "baby" hurricane must have help from the Red Cross to supplement their own resources in restoring damaged or ruined homes.

Such business as such occupational equipment as boats and fishing equipment.

An appropriation of \$100,000 has been made by the National Red Cross for rehabilitation of needs of storm victims according to Karl Reiser, Southern Red Cross official heading up ARC headquarters operations out of Ocala headquarters.

This initial appropriation, Reiser said, "will be increased as needed for fund grants justifiable by our casework staff and approved, in each instance, by an advisory committee of local citizens."

Bake Sale Saturday

The Rainbow Girls will hold a bake sale Saturday morning beginning at 10 a. m. in front of Glades Drug Store and the Post Office.

Mr. Kenniston Accepts Position In Pahokee

Mr. H. H. Kenniston has accepted a position as bookkeeper with Lake Oklawaha Cooperative and began his duties last Monday. He and Mrs. Kenniston will move into the new Stuckey Apartments on State Road, Pahokee, the first of the month.

Mr. Kenniston has been employed as bookkeeper the past fourteen months at Glades Appliance Corporation.

Belle Rebekah Chapter Has Potluck Supper

A potluck supper preceded the regular meeting of Belle Rebekah Lodge 21, held Tuesday night at Benevolent Hall. Attending were: Mr. and Mrs. Davidson and family, Mrs. Kathleen Rogers, Miss Sarah Diggins, Mr. and Mrs. Lloyd Asprey, Mrs. Jessie Leathers, Mrs. Edna McGinty, Mrs. Annie Clayton and Mrs. Madeline Corbin.

The next meeting will be held October 3, at Benevolent Hall.

CARD OF THANKS

We wish to thank our neighbors and friends for the beautiful flowers and other kindnesses shown us during the illness and death of our mother, Mrs. Annie Howell, also of my grand daughter Becky Reynolds of Bartow, Florida. Mrs. Della F. Altman and family

RECORD NUMBER OF 4-H CLUB MEMBERS GO TO CAMP. CLUB LEADER REPORTS

Nearly 4000 Florida boys and girls attended the five state 4-H club camps this summer, indicating increasing participation in the 4-H club program, according to Joe N. Busby, assistant 4-H club agent with the Agricultural Extension Service.

"A record total of 3940 4-H club boys and girls, including 571 Negro youngsters, attended the camps during the summer camping season," Mr. Busby said, "but many others on the eligible list were unable to go because of limited space at the camps."

The club members, representing all sections of the state, attended the camps for a week with different groups moving in each week throughout the season. At camp, they studied, played diamond ball, swam, sang together and took part in other recreation activities, saw movies, and governed themselves.

"In an attempt to relieve the crowded condition of the camps and make it possible for more of Florida's youths to have the advantage of a week's outing, the agent explained that the Agricultural Extension Service is building a new camp in Highlands County. Highlands Camp will provide facilities for 4-H members in central and southern Florida, thereby relieving the strain on Camp McQuarrie in Ocala National Forest.

At present, Highlands Camp is only one-fourth completed, but the Extension Service is striving to have it completed by the next camping season.

The other camps are Timpochee in Walton County and Camp Cherry Lake in Madison County. The new camp in the Ocala National Forest for Negro club members.

At the end of the 4-H camping season late in the summer, the agent explained that the Citrus Growers Institute and Poultry Institute were held at Camp McQuarrie, the North Florida and Home Institute was held at Camp Timpochee. Attendance at these institutes totaled 1,860, Mr. Busby reported.

CLAYTON SAYS FARMERS SHOULD LEARN ABOUT ABOUT SOCIAL SECURITY

Farmers and farm employers were advised by the Florida Agricultural Extension Service to obtain full details about the social security program which applies to persons working on farms.

The recent amendment to the National Social Security act applying to agricultural workers, Extension Director H. G. Clayton said, "will become effective on January 1, 1951, and it will be well for all the farmers who employ workers and the workers themselves to learn about it as quickly as possible and make provisions before that date."

The Extension Service official pointed out that full details may be obtained from local Social Security offices. Leaflets pertaining to the program also will be available in county agents' offices over the state.

LIONS VOICE SUPPORT OF UN ORGANIZATION

Lions passed a resolution for promoting a better understanding of the United Nations organization at a recent meeting here.

The resolution states: WHEREAS, the Lions International and Lions Clubs everywhere have demonstrated their interest in the United Nations Organization, and WHEREAS, it is the belief of the Lions Clubs everywhere that the security of the world lies within this important organization, and WHEREAS, it is our belief that too few people understand the full meaning and purposes of this great organization, and WHEREAS, each club president is requested by Lions International to appoint a committee on United Nations to conduct programs sometime during the year on the United Nations organization.

THEREFORE, BE IT AND IT IS HEREBY RESOLVED: That the Lions Clubs of the Glades Zone, District 35 South, will during this year put forth a strong effort and prepare an educational program for the purpose of bringing information on the United Nations Organization to our club members and to our communities.

THAT the clubs of this zone further propose to work together in this effort with possibly a zone panel committee to be organized including members of each club in the zone.

WATKINS NOW DOING ADVANCED STUDY AT HARVARD UNIVERSITY

At Harvard he is specializing in extension administration work, Mr. Clayton said.

Mr. Watkins is a graduate of the University of Florida College of Agriculture and also holds the master's degree in agriculture degree from the University.

Veterans Should Establish Disability Immediately

Every man and woman who served in the armed forces of our country and who suffered some injury or sickness, there in, should establish that disability with the Veterans Administration immediately. This includes not only veterans of World War I, World War II, and a Spanish-American War, but also, ex-service people who were disabled during peacetime service.

Because, generally, the whole program of the Veterans Administration is constructed around the veteran's service-connected or service-incurred disability. It is the hub around which the wheel of veterans' benefits revolves. Also, the longer you wait the greater the difficulty in proving service-connection for some of the things the Service Department has failed to enter into your records.

Before the Veterans Administration will grant service-connection for a disability it

must be proven to them that the disease or injury actually was incurred or caused by your service. Therefore, if there is no official record it is up to the veteran to furnish proof that he was disabled in service. And very often it is necessary to secure sworn affidavits from friends with whom he served to prove this to the Veterans Administration. Sworn statements made in reference to an incident loses much of its value as the period of time expands.

World War II veterans! Don't wait, file your claims for service-connected disabilities now! Establish your status while the incident is fresh in your mind, then if additional proof is needed you can secure same.

The proper form to be used in applying for service-connected disability benefits is VA Form 8-526. This form can be secured from your local Post or Chapter Service Officer of the Veterans Organization of your choice, County Service Officer, nearest VA Office or from the Florida Department of Veterans Affairs on request.

Benefits that are related to a service-connected disability are as follows:

1. Disability Compensation — is \$15 per month for a 10 per cent rating to \$150 per month, for 100 per cent rating, plus additional statutory awards for loss or loss of use of limbs or eye up to a maximum of \$360 per month.

2. Out-Patient-Treatment — The Veterans Administration will provide outpatient treatment only to veterans who have a service-connected disability (proven to VA). The treatments are limited to the particular disability that is service-connected or a condition that is adjunct to or brought on by the service-connected disability.

3. Hospitalization — Under certain laws the Veterans Administration is required to furnish hospitalization only to veterans who need hospitalization for their service-connected disabilities. Then if there are any vacant beds in the VA hospital after all the service-connected cases are taken care of, veterans with non-service-connected disabilities who need hospitalization may be admitted. The service-connected disabled veteran gets priority. Also, when you have established your status with the VA and you have been assigned a 'C' number (claim number) there will be no time consuming delays in writing to Washington to establish the fact that you are a veteran or have a peacetime disability, instead, your records can be checked immediately and hospitalization expedited.

4. Education and Training — World War II Service-connected disabled veterans are offered training under Public Law 16, 78th Congress so that they may be rehabilitated to overcome their disability as far as employment is concerned.

5. Widow's Pension — World War II — No widow of a World War II veteran is eligible for a widow's pension unless the veteran at the time of his death had a service-connected disability. Do not wait to file that claim (VA Form 8-526), veterans, and cheat your widow and child out of what is rightfully theirs.

Above, I have stated a few reasons why all veterans should file VA Form 8-526 and establish, if possible, their service-connected disabilities.

A grateful nation has provided by law, the benefits for service-connected wartime and peace time veterans, both men and women. Get your house in order—establish your status with the Veterans Administration.

If you need assistance see your local service officer or write the Florida Department of Veterans Affairs at Passa-Grille or Miami.

Youthful Drivers Causing Most Accidents

"Reckless... Smart Aleck... Irresponsible... Cocky" — These, Safety Director H. N. Kirkman said today, "are the words that the public is applying to youthful drivers with ever-increasing frequency and vehemence. And, yet—as in practically all such cases—such descriptions apply only to a small but conspicuous minority."

The Florida Highway Patrol admitted that in view of the harm done by this minority, some of the adjectives applied to its members are apparently justified.

"A study of New York State drivers some time ago," Kirkman said, "indicated that drivers between 18 and 24 years of age were responsible for only 13 per cent of the drivers on the road, but they were involved in about 27 per cent of all fatal traffic accidents and about 22 per cent of all non-fatal accidents."

"It would appear," he added, "that drivers in this group are having about 50 per cent more accidents than they might be expected to have."

Inexperience coupled with immaturity are blamed by the State Patrol and the National Safety Council for this off-balance accident record of the young drivers. Of these two factors, immaturity far out-ranks inexperience as the most dangerous.

Adequate formal training in correct driving attitudes, and a good example by older drivers, the Florida Highway Patrol said, is the three-pronged attack on the problem that must be taken.

"Until this three-way approach is universally accepted," Kirkman said, "all of us—young and old alike—must suffer the penalties. The immature teen-age drivers will continue to kill themselves at a high rate and take a lot of us older folk with them."

"Parents will continue to suffer both emotionally and financially when these drivers are out with the family car. Worst of all, bad youthful drivers seldom improve with age. Their faults are carried on through life and they become, in effect, 'carriers' of bad driving—influencing others around them to indulge in the same unsafe practices."

The State Patrol offered the following tips for young drivers and their parents:

1. Young Drivers: Nearly three-fourths of your life is still ahead of you. More than 6,000 individuals in your age bracket (15-24), some 120 of them right here in Florida, however, die every year in automobiles. Are you prepared to gamble 40 to 50 years of happiness against an hour of "excitement" in a fast, reckless ride?

2. Parents: Drive as you would have your child drive. Teach him correct attitudes of driving. If it becomes apparent to you that your son's or daughter's driving is immature, reckless, or indicative of an un-

healthy attitude, it is your duty to him and to those whom he endangers to deny him use of the family car until he can demonstrate to your satisfaction that he has improved.

The Florida Highway Patrol's traffic safety education program this month, dealing with child safety and the improvement of young drivers, is conducted in cooperation with the National Safety Council.

Motor Vehicles Responsible For Half Of Accidents

Motor vehicles were responsible for half of the eight fatalities in Florida during August, according to reports from the Florida Industrial Commission.

Two workers were struck by vehicles while on the job and the other two died in wrecks. A special provision of the Florida Workmen's Compensation Law was brought out in one of these deaths. A truck driver was killed while driving in Maryland. Since his company's home office is in Florida, workmen's compensation will be paid his survivors.

The other four deaths were caused by as many reasons. One farm superintendent was trampled to death by an angry bull. Another death occurred when a carpenter slipped and fell while repairing a roof. A third fatality was caused by a lineman coming in contact with a high tension wire. The other death occurred when a project engineer was hit by a train at a railroad crossing.

The eight fatalities recorded in August were more than for the previous month, but decreased two from August, 1949.

The accidents occurred in Quincy, Tampa, Jacksonville, Pensacola, Lake Wales, Bonita Springs, and Madison. The home office of the trucking concern connected with the Maryland accident is in Sanford.

FFVA Works To Adjust Vegetable, Fruit Imports

Chairman Luther Chandler and vice chairman Dixon Pearce of the Florida Fruit and Vegetable Association conferred recently with officials of both the U. S. Department of State and the Department of Agriculture, to review with those agencies the excellent progress that has been made in developing FFVA's "quota plan" for adjusting imports of fresh fruits and vegetables, according to LaMonte Graw, FFVA manager in Orlando.

Graw said that previously, Mrs. Chandler and Pearce had conferred with the Texas Citrus and Vegetable Growers and Shippers at Houston, Texas, seeking their support of this program.

Last week chairman Chandler and vice chairman Pearce successfully negotiated with Cuban vegetable growers a plan which would place tomatoes, peppers and cucumbers under quotas, with corresponding reductions in duty.

The Cuban group has advised that the Cuban government will withdraw the re-

quest now pending, for duty reductions on other fresh vegetables. The request for reductions is slated for consideration this month, at the International Tariff Conference at Torquay, England.

"The Florida Fruit and Vegetable Association has forwarded a notice to the U. S. Committee on Reciprocity Information advising that representatives of FFVA will testify at the public hearings which are scheduled to begin on September 25."

"The briefs filed with the committee outline the understandings reached with the Mexican and Cuban groups. A detailed report of these activities, which have such a direct bearing on Florida agriculture, will be given to members of the Florida Fruit and Vegetable Association and guests, at the seventh annual convention of the association in Miami Beach on October 4, 5 and 6," said Graw.

SOIL INFESTING INSECTS

they work at night while you sleep!

Just about every grower in the state of Florida is acquainted with extensive damage by mole crickets. Thousands of dollars in losses have been reported in many areas from this infestation. But no longer do planters have to put up with subterranean pests for chemical research in the great plants of the Velisol Corporation has brought out a product that is recommended for the control of mole crickets. Its name is chlordane and its application is simple, rendering immediate results. In fact, there are many reports that in infested fields treated with chlordane, hundreds of dead mole crickets may appear on the surface by the next day.

Chlordane effectively controls not only mole crickets but cut worms, ants, wireworms and many other soil infesting insects. So don't be caught sleeping while mole crickets work. Specify chlordane in your next formulation.

For further details consult your county agent or local dealer for proper recommendations.

Chlordane controls household insects, too.

Incendary or Deliberately Set Causes Most Fires

Incendary or deliberately set wildfires accounted for nearly three fourths of all woods fires in Florida last year, according to the annual fire report of the Florida Forest Service. The report, for the business year which ended June 30, shows that 73.8 per cent of all woods fires were started on purpose. Brush burning accounted for the next greatest number of fires with 10.2 per cent. Unknown causes accounted for 8.0 per cent while smokers started 2.6 per cent. Railroads caused 2.1 per cent and miscellaneous causes resulted in 2.1 per cent of all woods fires. Lightning caused 1.6 per cent of woods fires while lumbering operations resulted in 1.0 per cent and campers caused 0.6.

Approximately 356,000 acres were burned as a result of all causes of protected lands. Of this, 228,300 acres of the burn was the result of deliberately set wildfires. About 25,700 acres were burned as the result of brush burning. The smallest area of burn by cause was due to campers, a loss of 1,847 acres. These figures were for wildfires on 9,357,396 protected acres. Exact figures are not available for fire losses on unprotected lands, but the causes of fires are about the same. The number, area and damage of wildfires on unprotected land is considerably greater.

The state of Alabama is the largest producer of graphite in the Union. During the first World War it produced about 80 percent of our graphite.

Hide of Champion Bull Is Presented To Univ. of Ill. College of Agri.

GARY, ILL.—Homage is paid to Netherhall Swanky Dan, champion Ayshire bull, as Otto Schermer (left), president of Curtiss Candy Company, presents the animal's hide to Prof. W. W. Yapp (right), acting for the head of the Department of Dairy Science of the University of Illinois College of Agriculture. The college requested the bull's hide for exhibition after he died March 14 at the Curtiss Candy Farms near Gary. Winner of 84 grand championships, he was said to be the greatest of all show bulls and his skeleton has been presented to the Smithsonian Institution for research purposes. Looking on are Delbert H. Kingston, superintendent of livestock for the Curtiss Farms; Elmer Hansen, field director of the farm's improved breeding program and former head of the dairy department of Iowa State University; and Mr. Hansen all served as judges on various occasions when championships were awarded to Netherhall Swanky Dan prior to his purchase by the farms.

Too Late To Classify

By Russell Kay
The BIG LIE is a far more dangerous weapon than the atomic bomb. Russia is using it with telling effect against the United States and the world. Unless we as a people arise in our might and retaliate with the BIG TRUTH, we may find ourselves enslaved as other nations are today because they failed to act in time.

The United States is being pictured as a nation money-mad morons. The world is being told, over and over again, that we are aggressors. They seek to conquer the world. We are pointed out as a nation of brutes and gangsters, power and money mad.

We try to comfort ourselves with the belief that these lies are so monstrous that no one will believe them. But people do believe them, people who hear these things about us, repeated over and over and over again.

It is imperative that we get our side of the story to these unfriended millions. We must pierce the Iron Curtain with TRUTH.

President Truman knows this. General Eisenhower knows it. General Clay, whose airlift, saved us in Berlin, knows it. They know that unless we can win this gigantic struggle for men's minds, peace is impossible.

In a warning broadcast on all radio networks on Labor Day, General Eisenhower called on you and me and every good American to enlist in a campaign against the BIG LIE. This movement has been well organized and calls for the establishment of several powerful independent radio sta-

will believe them. But people do believe them, people who hear these things about us, repeated over and over and over again.

It is imperative that we get our side of the story to these unfriended millions. We must pierce the Iron Curtain with TRUTH.

President Truman knows this. General Eisenhower knows it. General Clay, whose airlift, saved us in Berlin, knows it. They know that unless we can win this gigantic struggle for men's minds, peace is impossible.

In a warning broadcast on all radio networks on Labor Day, General Eisenhower called on you and me and every good American to enlist in a campaign against the BIG LIE.

This movement has been well organized and calls for the establishment of several powerful independent radio sta-

tions over which hundreds of refugees from enslaved countries will tell the TRUTH about America to their unfriended and unfortunate fellow countrymen. They will make these talks in their own native language which will be beamed directly to the countries concerned.

In addition, it is proposed to establish a great Freedom Shrine behind the Iron Curtain in Berlin. This shrine will house a giant 10-ton Freedom Bell and it will be dedicated on United Nations Day, October 24.

Between now and that date you will be called to sign the "Freedom Scroll" subscribing to the following declaration: "I believe in the sacredness and dignity of the individual. I believe that all men derive the right to freedom equally from God. I pledge to resist aggression and tyranny wherever they appear on earth. I am proud to enlist in the Crusade for Freedom. I am proud to help make the Freedom Bell possible, to be a signer of this declaration, to have my name included as a permanent part of the Freedom Shrine in Berlin and to join with millions of men and women throughout the world who hold the cause of freedom sacred."

The amount you contribute to this worthy cause is up to you. Every cent you contribute will go to fight Communism and preserve freedom for you, your loved ones and all who love freedom.

This great campaign began last week. First name on the Freedom Scroll was that of our Governor, Fuller Warren, followed by the signatures of cabinet members, R. A. Gray, Secretary of State; Richard E. Lamm, State Treasurer; T. D. Bailey, Superintendent of Public Instruction and State Comptroller, C. M. Gay.

The goal for Florida in the "Crusade for Freedom" is one million names. Even though you may not be able to face the on in the battle field, you can do your part in this cold war for men's minds. Make sure your name is enrolled on

the "Freedom Scroll and be generous in your contribution to help raise the Iron Curtain and give voice to TRUTH.

By Malcolm Miller
I see Jack Benny has bought The Bill Perlborg house in Palm Springs, California, which is somewhat of a house, in fact, in a kidding way, it has been referred to as the Perlborg Hotel. Mary and Jack are having some changes made in the general arrangement and plan to spend most of this winter at Palm Springs. Perhaps Jack is putting in a ticket booth for sightseers, a Coke machine for little revenue, a special garage for the Maxwell, and a few inconveniences for Rochester.

Bill Bruce, co-man of motion pictures, has gone and done it. Yup, he snuggs off to Mexico and married a gal named Francesca de Scaffa, who is really a whole lot of good looking. Bruce said he regretted never making the fact his old pal Errol Flynn could not attend this wedding. Errol and Bruce have been close friends for years. Well here's one for the books: Ginger Rogers, who is an ardent Republican is said to hail from Harry Truman's home town, Independence, Missouri. Wonder if she and Harry are on speaking terms. It is said that Lauren Bacall gave Kirk Douglas his shove toward Hollywood and stardom. He was a star on Broadway and Miss Bacall, seeing a wonderful future in store for him, got word to a talent scout and Doug was on his way to California before he knew it. Incidentally Lauren Bacall and Kirk Douglas are the stars of "Young Man With a Horn," which is due to be screened at the Hugo Theatre Sunday-Monday. See you at the movies... Mal

SOUTH BAY BEAN CITY LAKE HARBOR

Mr. and Mrs. H. C. Willis have returned from a three months visit in Long Beach, California with their daughter and her family. Mr. and Mrs. W. N. Christenson.

Mrs. Josephine Ratley who submitted to a throat operation at St. Mary's Hospital last week is reported to be recovering nicely.

Mrs. F. W. Mutchler and daughter Jackie of West Palm Beach visited old friends and attended church in South Bay Sunday.

Mr. and Mrs. C. E. Crichton and Genie have returned from Tampa where they were the week end guests of Mr. and Mrs. John Stuart.

Chief and Mrs. R. C. White announce the birth of a daughter, Mary, at the Belle Glade Hospital on September 18.

J. W. Austin, father of Mrs. W. N. Jeffries, is reported somewhat improved at the hospital in West Palm Beach.

Mr. and Mrs. O. P. Gossell and daughter Miss Mildred Pope of Sorrento are here visiting her sister, Mrs. W. L. Wheeler and family.

Mr. and Mrs. Bobby Garrett and daughter have moved to Clewiston where he is employed by the U. S. Sugar Co.

Mrs. H. O. Mitchell returned from Hamilton, N. Y. during the week. She has been operating a seasonal store in the market garden area of New York during the summer.

Mr. and Mrs. L. A. Mink have moved to Bare Beach.

Mr. and Mrs. E. H. Stallings (Naomi Fisher) announce the birth of a daughter.

Mrs. F. M. Kelsoe is visiting her parents, Mr. and Mrs. Aaron Holton at Moultrie, Ga.

Mr. and Mrs. S. R. Finley are visiting relatives at Memphis, Tenn., Jonesboro and Harrisburg, Arkansas.

Mr. and Mrs. Bennie McKinney of Bowling Green and Miss Evelyn Haven of Fort Myers were the week end guests of Mr. and Mrs. Onal Walker.

Mr. and Mrs. Eddie Holt have returned from Fort Lauderdale where he has completed his work as dragline operator on the flood control dike at that point. He is now working in this vicinity.

Mr. and Mrs. James Fullwood and two children of Riviera Beach were week end guests of Mr. and Mrs. Fred N. Cato.

ANNUAL TAX SALE SCHEDULED MONDAY

The annual tax sale of delinquent real estate will take place on Monday, September 25 at the South Bay Town Hall at 12 o'clock noon. Tax payers who wish to avoid having their property sold at this time may do so any time this week.

The deadline for filing for candidate for mayor or council man in the coming Town election on Tuesday, October 3 is Saturday, September 23 at 12 o'clock noon. Petitions must be presented to the town clerk on or before that time and will be acted upon immediately after the closing date by the Town Council in special session. Only one candidate has so far filed for councilman up to Tuesday morning.

SPEER SPEAKS TO SOUTH BAY LIONS

The South Bay Lion's Club enjoyed having into the early history of South Bay and vicinity at their session last week when Assistant County Agent H. L. Speer conducted a questionnaire on early settlement and pioneer doings.

Out of town guests besides Mr. Speer were Spotty Burr, Shorty Wiggins, Ray Whitlock, Jim Wierengo, and a Donald Weeks.

Dinner was served by Mrs. E. M. Willis, Mr. C. J. Peacock, Mrs. C. B. Higginbotham and Mrs. I. P. Roberts.

Members attending were Melvin Herring, M. E. d. Willis, Frank Willis, R. C. White, C. J. Peacock, W. M. Jeffries, C. L. e. Higginbotham Carroll Warren, Sam Henderson, and Clayton Waters.

FIRST AID COURSE SCHEDULED IN S. BAY

Mrs. I. P. Roberts, president of the South Bay Home Demonstration Club, announces a First Aid and Home Nursing Course to be given at the school auditorium in October under direction of the American Red Cross and sponsored by the local home demonstration club.

It will be a 12 hour course given 3 days a week for a period of two weeks with two hours instruction at each session.

In addition to the regular course, instruction will be given in measures to take in case of an atomic attack, during and after the attack to prevent injuries and alleviate the after effects.

The course is free and everyone is eligible to attend, Mrs. Roberts stated. One member of each household is urged to take the training, particularly mothers of young children.

Those interested may contact either Mrs. Roberts or Mrs. Alice Lamoureux, local health chairman. When 15 persons have signified their intention to take the course, arrangements as to dates and the hour of meeting will be announced.

P. T. A. HOLDS FIRST MEETING OF YEAR

The South Bay Parent Teacher Association conducted its first meeting of the year at the school auditorium Monday evening, Mrs. J. A. Henderson presiding.

It was decided to amend the by-laws to change the date of meeting from the second to the first Monday of each month. Announcement was made that the state and county dues had been set on a sliding scale from \$2.50 up depending on the membership.

The second grade home room taught by Mrs. Olga Hardy was awarded the room prize for attendance for the month.

It was noted to purchase extra bulbs for the school projector in order that a spare would be on hand in case a bulb burned out during the showing of a film.

The short business was followed by the annual teacher's reception. Principal Calvin J. Peacock introduced the teachers. Shoulder corsages of roses and gardenias were presented to all the members of the faculty and the officers attending including Mrs. Elizabeth Harris, seventh grade, Mrs. Murphy, fifth and sixth grade, Mrs. Leslie Martin, third and fourth, Mrs. Olga Hardy, second, and Mrs. Edna Eekman first. Gervais McClure, science, Howard Payneband, Miss Marian Najarian music.

Houses for the evening were the Bean City members who served a salad course and coffee at tables set in the cafeteria. Tables were decorated with flowers and ferns, and set with different colored plates and napkins in festive array. Approximately 50 were in attendance.

Game And Fish Comm.

To Consider Plan For New Breeding Grounds

Members of the State Game and Fresh Water Fish Commission will meet in Tallahassee October 2 to consider the creation of new wildlife breeding grounds in various parts of the state. Director Coleman Newman announced recently.

Newman also predicted that the members of the five-man commission will discuss a resolution passed at a meeting there last month concerning

Purchased Brahman bulls were used with four lots of 200 cows each at the Circle-Southern Ranch, Ocala, Florida, where a 2-year experiment has just been completed by the Ralston Purina Company, in co-operation with the Morris Cattle Company.

The purpose of the research work was to develop a feeding program for native cattle which would increase the calf crop and produce heavier calves at weaning.

staggered days for the 1950-51 hunting season.

It is expected that representative sportsmen from throughout Florida will attend the meeting scheduled for 10 a. m. in the House Chambers.

Earwood is teaching this group and we think she's doing a good job. Who knows, we may have some real artist in our school at the end of the year!

F. H. A. Meeting.

The Future Homemakers of America Club is again being discussed and will soon get underway. Mrs. Litchfield the leader, called a meeting of all the officers last Wednesday. Their meeting was for the purpose of planning this year's activity and membership. Quite a few students are planning to join this group. It's a good club to belong to. Another meeting will be called shortly.

New Typewriters

Something new was added to the typing room on Wednesday. In fact the typing students will be pretty glad to use the new typewriter, which is a Royal. However, two other new ones are ordered which will arrive before long; they will be Underwoods. When they come, there will be almost all new typewriters. This is a big improvement in the typing classes.

School News

By Gene Mathewson

Another busy week has come to a close and with it many items of interest to the school. Just to give you an idea of Belle Glade's busy high school we'll look back over these items.

Home Room Meetings

Wednesday afternoon 7th period all the classes met in home rooms. We are going to have home room meetings every Wednesday. All the classes discussed what they would do during that period and some classes even got their chairman chosen, but others were slower and will choose theirs at the next meeting. These meetings are entertaining, interesting and educational, so we feel they're held for a good cause.

Cheerleaders

Cheerleaders were selected at the end of last week in assembly. There were seven girls who tried out for the positions and from them three girls were chosen. Our new cheerleaders are Ann Bass, Catherine and Ester Friedheim. Along with the three others from last year, Betty Bearden, Faye Swanson and Joan Rabin, we should have a good cheering group this year. They should be in good shape by the first game and will be in new uniforms. Let's all give them our full support.

In assembly Mr. Hobson introduced the new teachers and made necessary announcements through the new microphone system donated to the school from last year's senior class. The school has needed a microphone for quite sometime and I know we all appreciate having one.

Before the assembly got underway, the Seniors sitting in their seats of honor in the balcony, gave a big yell for "Seniors." Surely seems good to have that balcony to ourselves this year.

Pep Club

The majority of students filed into the gym on Monday to join the Pep Club and select the officers. Rules were discussed and also season tickets for football games. The rest of the time was spent selecting officers. New president is Gloria Crosby, vice president, Florence Bore, Secretary, Margaret Mathewson.

At the next meeting the cheerleaders will give a few yells and more business will be discussed. There should be a cheering team this year at the football games.

Annual Staff

Mr. Hobson called a meeting on Tuesday, for all the annual staff officers. The purpose was to discuss and begin making arrangements with the grade for work on the annuals. Miss Diggs, a very capable advisor, will be our leader and will help us in our ideas and work. As soon as all necessary preparations are made, the staff will begin working on the annuals for this year.

Football Clinic

A football clinic was held Thursday night on the football field to inform the fans around our community of the new rules and plays in football and to interest people more in our local games. The cheerleaders gave a few yells and all of us are getting in shape to yell at the game which is only a week off now.

There was a meeting of all the football boys Monday of this week working toward preparation for the games. We hope everything goes smoothly and we're betting on the Golden Rams.

Art Course

Many of the students this year were very happy to be able to take an art course. It's surprising how many talented students we have for art, Mrs.

Originators of Homogenized Milk containing "NATURAL" VITAMIN D

Just sharpen your pencil—and there you are!

ACROSS this broad land there have been thousands of people who have been seeing themselves a disfavor.

Seems they "just naturally assume" a Buick is beyond their reach—and so pass up the car they're really itching to own.

Now why "assume" anything as important to your happiness as a new car?

Why not see for yourself how delivered prices run—how close Buick matches your own budget—how frequently it is priced under some cars you may be considering?

Then—if there is a particular car in mind—sharpen up your pencil a little. It's a six—or an eight, like Buick? If an eight, is it a valve-in-head eight? That adds a plus in efficiency, you know, even without the extra edge of Buick's Fireball power.

Will you ride on four soft coil springs, as in Buick—or on only two? Will the drive be through a sealed torque-tube that keeps the rear wheel assembly firmly aligned? It is in a Buick.

Do you get soft, low-pressure tires as part of the price—or as extras? Will you have bumper guards built as part of the bumper, or a one-piece cast metal grille that can be costly to repair or replace?

Does the price include air cleaner, oil filter, dual horns, windshield wipers and sun visors; an automatic dome light; self-locking luggage lid; a single key for all locks?

And is there an automatic drive, or one in which gears shift in normal driving?

Yes, sharpen your pencil—and there you will be, in a Buick.

Whether it's a SPECIAL, a SUPER or a lordly ROADMASTER, you'll be driving the big buy of its price class, and getting a rich bonus of driving comfort, driving thrill and "fashion-first" styling.

But you have to make the first move. You are the one who has to find out. How about starting now—with a call on your Buick dealer?

*Duplex Drive is standard on ROADMASTER, optional on other Buicks.

WHATEVER YOUR PRICE RANGE "Better buy Buick"

LOCAL DELIVERED Buick prices begin at

\$2158.00
2-DOOR 460 NOT SHOWN

\$2242.00
4-DOOR 410 ILLUSTRATED

Optional equipment, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.
